Annual index

G.R. List, Index Editor

Page ranges by issue

January	1–80	July	377–472
February	57–104	August	473–520
March	105–152	September	521–592
April	153–240	October	593–656
May	265–320	November	657–704
June	321–376	December	705–768

1st Joint Symposium of the Working Group "Biotransformation" of the German Society for Microbiology and the German Society for Fat Science, 420

2002 China Soy Exhibition, 86

2003 AOCS Annual Meeting & Expo, 1; business meeting, 53; exhibitors, 433; highlights, 174; hot topic session, 456

5th International Symposium on the Role of Soy in Preventing and Treating Chronic Disease, 366

A

Aarhus United, 623

Abraham, V., 532

ACH Food, 728

Acrylamide, 48, 738; and cancer, 108, 158; hot topic session at AOCS Annual Meeting & Expo, 456; new AOCS testing series, 543

ACTIVATE program, 333

Adulterated oil, causes deaths in India, 675

Adulteration of olive oil with hazelnut oil, 342

Ag Processing, Inc., 283

Agrinomics LLC, 125, 140

Ahmad, S., 604

Akoh, C., 724, 743

Alfa Laval, 347

Allergens, labeling for in Europe, 729

Allergies, to food, 666

Amerchol, 676

American Heart Association, and n-3 fatty acids, 80

American Rebuilding & Development LLC, acquires Big E Group, 490

American Soybean Association, and WTO compromise, 488

Anderson, G., 338

Animal testing, 44; European Parliament ban on, 206

Antiobesity program, unveiled by Kraft Foods Inc., 543

AOCS Annual Report, 2002, 233

AOCS Approved Chemists, 617

AOCS Articles of Incorporation, amendments to, 131

AOCS Australasian Section meeting, 90

AOCS Award of Merit, to Satish C. Singhal, 180, 471

AOCS awards, 2003, 180

AOCS Biotechnology Division Lifetime Achievement Award, to Rolf D. Schmid, 469

AOCS business meeting, 2003, 53

AOCS Corporate Achievement Award, to Clover Corp. Ltd. and Food Science Australia, 181, 472

AOCS Fellows named, 180

AOCS Food Structure & Functionality Forum, 2004, 283

AOCS Foundation, 394

AOCS Glycerine Innovation Award, to Joia Spooner-Wyman, 454

AOCS Herbert J. Dutton Award, to Jerry King, 452

AOCS Honored Student Award, 2003 winners, 181, 472

AOCS laboratory certification program, 615

AOCS Laboratory Proficiency Program Award winners, 545

AOCS Outstanding Paper Awards, 2003, 408

AOCS Stephen S. Chang Award, to David F. Horrobin, 180, 470

AOCS Supelco-Nicholas Pelick/AOCS Research Award, 2003 award to M. Rosen, 180, 457

AOCS Timothy L. Mounts Award, to Dharma Kodali, 185, 453

AOCS Young Scientist Research Award, to Yeonhwa Park, 181, 471

AOCS, 2004 Governing Board candidates, 722

AOCS, in international standardization activities, 584

AOCS, minutes of the 2003 Annual Business Meeting, 614

Aparicio, R., 342

APCI instruments, 537

Apfel, J.M., 563

Applied Biosystems, 140

Arabidopsis, cataloging of plant lines, 140; cold-tolerance gene, 360; salt tolerance in, 139

Arboris, 45

Archer Daniels Midland Co., 75, 76, 125, 158, 289, 348, 476, 550; buys Van den Bergh Oils, 400; celebrates 101 years, 586; forms specialty oils and fats group, 74; in China, 346; offers incentives to sunflower growers, 125; recognized as top food ingredient supplier in 2003 by *Food Processing* magazine, 197; buys Pura, 197

Arizona Chemical, 45

Artz, W., 725

Atkins diet, 204, 499

Atkins, R.C., 350

AtLee, F., 141

Atomic force microscopy, 118

B

Bailey, A.E., 56

Bailey, Alton E., 43rd Award to M. Haas, 141

Baldwin, N., 609

Bangladesh, protests duty reductions, 287

BASF, 633; BASF, Metabolix, to collaborate on biobased plastics research, 552

Bayer CropScience, 44

Beauty-care pill, 357

Begemann, B., 504

Behle, R.W., 513

Bell, J., 350

Berger, K., 58, 89, 363, 511, 576, 714

Biobased products, program at Iowa State, 289

Biodiesel, 288, 289, 346, 528; aviation fuel, 36; Indian Railways to test, 198; proposed Australian standards, 622; report on EU plans, 488

Biofuels, Belgium blocks used frying oil, 490; target, in Europe, 285

Bioriginal, 400

Biotechnology, 210; allergen detection in food, 502; Australia and new GM canola; Australia approves GM canola, 636; BASF, 502; bioengineering rice, 300; Brazil lifts GM soy ban, 637, 685, 741; Codex guidelines on GM food safety, 560; consumer concerns in Canada, 636; cotton, GM, in India, 413; detection of GM DNA in corn, 362; *E. coli* as source of terpenoids, 561; EC proposals on genetically modified organisms, 548, 549; economic benefit of GM crops questioned in UK, 561; enhancement of phytosterol levels; EU directives on GM foods and feeds, 476; European attitudes toward, 361; expression of soybean glycinin in rice, 502; GM materials, 413; India and U.S. sign agreement, 561; inheritance of high-oleic acid in mustard, 210; intellectual property rights, 560; Monsanto, 412; Nidera, 502; patent requirements; Pew Initiative report, 636; "pharma" crops and risk analysis, 361; Pioneer, fined, 413; prediction of potential allergic responses, 637; preventing cross-breeding, 413; reduction in GM crop trials, 360; risk assessment of GM plants, 502; sequence-based map of *Arabidopsis* genes, 210; Shanghai targets GM edible oils, 685; South Africa okays GM foods, 637; soybean, with increased isoflavones content, 561; soybean, nonallergenic, 412; test for GM ingredients in baby food, 300; UK considers bar codes for GM foods, 194; use of GM crops globally, 137

Bioterrorism, 26; and the food industry, 465; regulations, 410

Blaylock, J., 485

Bleaching agent, manganese-based, 50

Book reviews

Chemical and Functional Properties of Food Components, 428

Food Lipids: Chemistry, Nutrition, and Biotechnology, 72

Handbook of HPLC, 99

Identity-Preserved Systems, 149

Lipid Analysis: Isolation, Separation, Identification, and Structural Analysis of Lipids, 507

Lipids for Functional Foods and Nutraceuticals, 372

Oils and Fats Authentication, 692

Physical Chemistry of Foods, 149

Phytochemicals in Nutrition and Health, 373

Plant Biotechnology and Transgenic Plants, 100

Protein-Based Films and Coatings, 316

Vegetable Oils in Food Technology: Composition, Properties, and Uses, 221

Wheat Gluten Protein Analysis, 316

Bøwadt, S., 342

Brands, global, 162

Brazil, 674

Brewster, D.G., 563

Brown, D.W., 504

Bruker companies, 347

Bryden, A., 284

BTG, 648

Bunge Ltd., 125, 196, 286, 346, 550, 675, 728; to acquire Hindustan Lever, 488

Bunge/Cereol, 74, 75

Bunge/DuPont alliance, 125

Burbank, R., 284

Burcon Nutrascience, 676

Butter, 612

C

Caetano da Silva Lannes, S., 40

Cahn, A., 714

Calf saliva, antibacterial from, 297

Calorie counting, 354

Calorie-restricted diets and aging hearts, 48
Canada, new nutrition labeling standards, 59
Career site, American Chemical Society, 317
Cargill Dow, alliance with Amprica, 196; unveils Ingeo fiber,
Cargill, Inc., 75, 127, 402, 550; and biobased materials, 196; and new biobased hydraulic fluid, 348
Cargill/Kansas Polymer Research, 625
Carlson, K., 717
Cartagena Protocol of the United Nations, ratified by European Parliament, 488
β-Carotene, 498
Casale, C., 504
Case, F., 646
Castor, ricin-free variety, 215
Cauvery Oil Palm Ltd., 488
Center for Science in the Public Interest, 138
Central Soya, 125, 285
Cereol, 75
Cheese making, 462
Chemistry Preprint Server, 372
Chevreul, M.E., 564
China, ban on certain importers, 622; breeds hybrid soybean, 139; certification of Brazilian soybeans, 140; increases edible oil imports, 490; local brands gain, 559
Chinachoti, P., 469
Chocolate, and health, 682; E.U. Chocolate Directive, 511; trade laws in Europe, 124
Cholesterol, 738; genes and excretion, 135; increasing HDL, 354
Choline, 63
Church & Dwight, buys Unilever oral-care brands, 684
Ciba Specialty Chemicals, 50
CLA, and liver health, 134
Clariant Corp., 559
Cleaning product trends, 684
Coconut Development Board, Indian, 729
Coconut oil, as SARS cure, 499; in Philippines, 401; market sluggish, 348
Codex Alimentarius Commission, GM food guidelines, 476, 560
Cognis, 199
Cohen, D., 648
Compton, D., 144
Conjugated linoleic acid, 62; and diabetes, 204; and liver health; physiological properties, 482
Conservation of fine art, 518
Consultant, becoming a, 714
Consumers, of food, 485
Cook, R.B., 563
Corbett, P., 480
Corn, high-oleic varieties, 623
Cost, conventional vs. identity-preserved oils, 672
Cotton States, 208
Cotton, GM, in India, 413
Cottonseed oil, 72
Cox, M. and D., 57
Crandall, L., 62, 270
C-reactive protein, 134
CSPHP, 632
Cuban Research Center, 85
Cuphea, agronomic advances, 513,
Cupuassu, 40

D

Dairy foods, linked to lower asthma risk, 557
Danforth, W.H., 350
Data recovery, 316
Day, R.E., 563
De Smet, 74, 75
Degussa, 286, 287De Keersmaecker, G., 350
DeLio, A.P., 615
Delker, W., 464
Dembitsky, V.M., 30
Designer oils, 340
Detergent industry, strategies for growth, 28
Detergent market, global, 298
Diacylglycerol oil, 70, 498
Dial Corp., 136
Dietary fat, and Alzheimer's disease, 295; American Cancer society guidelines, 295; and breast cancer, 135, 296; and irritable bowel syndrome, 739; and risk of dementia, 135; and stroke, 738
Dietary soy, frequency of snacks, 353
Dieting and longevity, 80
Diets, for weight loss, 353
Dijkstra, A., 755
Dining in space, 70
Dioxins, and food, 557
Dow AgroSciences, 139
Dow Chemical, low-foam surfactants, 402
Drummond, H., 540
Dunn, R.O., 36
DuPont, 75, 196, 200, 360, 634

E

Eating and health, 116
Edible oil production technology, 67
Electron impact methods, 536
Electrospray ionization methods, 537
Emega blocks, 359
Encapsulation, of ingredients, 280
Enova oil, 70, 498
Enzymes, in lipid modification, 420
Erickson, T.J., 54
Erucic acid formation in *Brassica*, 52
Essential fatty acids, and diabetes, 48; and heart disease in women, 296; and risk of myocardial infarction, 134
EuroFed Lipid, 60
Europa Crown, 196
Europabio, 139
Europe, establishes network for testing GMOs, 84; novel foods in, 609
European Commission, GM moratorium, 138, 139; cottonseed oil approved, 137; functional foods, 285, 299
European Renewable Resources and Materials Association, 44
